

# Globalmail Parcel

**GLOBALMAIL**  
PARCEL

Large or small, near or far, DHL Global Mail delivers any package anywhere in the world. *GLOBALMAIL PARCEL* is the fast, reliable service for your packages containing samples, merchandise or printed matter.

#### The rapid, reliable route to customers worldwide.

E-commerce companies, catalogers and other direct-to-consumer businesses rely on *GLOBALMAIL PARCEL*™ to ship packages of all weights and sizes. This end-to-end service handles delivery of packages to more than 210 countries. Access the strength of our global network and benefit from superior transit times, reliability, international shipping expertise and value-added services.

#### Visibility for your parcels.

Track and trace tools offer extensive visibility and control so you don't lose sight of your parcels. Simply access the parcel tracking section of our Website. This solution is available to Canada, some Asian countries, such as Japan, and Latin American destinations including Mexico and Brazil.

#### All the convenience you need, in one easy package.

Our one-stop GLOBALMAIL PARCEL service includes:

- Pick up, sorting, stamping, labeling
- Address formatting according to postal presort standards
- Invoice itemized by destination
- Set up of an individual FTP site for parcel file transfer

#### Partnering for success.

We deliver something money can't buy: satisfied customers across the globe. Take one look at our service options and you'll understand.

**Delivery Time**

**Priority  
4-8 Days**

## Value-added services that pay off.

*GLOBALMAIL PARCEL* speeds your packages while you save substantially on postage and labor costs through included services such as pick up, processing, customs handling and distribution. Take advantage of special parcel fulfillment services that include pick and pack, inventory management, personalized messaging and labeling. Our address management services, such as address hygiene and merge and purge, increase the efficiency of your parcel shipment. We'll also set up an individual customer FTP site for quick import of your parcel files.

## A world of choices.

In addition to *GLOBALMAIL PARCEL*, you can choose from a broad product portfolio offered by DHL Global Mail™ – the quick and cost-effective solution for your direct mail, parcels, publications and catalog mail to any major markets worldwide. With DHL Global Mail as your partner for speed, accuracy and customized solutions, you can maximize your market potential – across the globe.
