

Smartmail Parcel - Expedited

SMARTMAIL
PARCEL

Does your business mail large numbers of packages under 1 pound or send boxes of all sizes? What about samples in padded mailers or sleeve-wrapped materials? If your packages weigh between 1 and 16 ounces, they qualify as United States Postal Service "Parcels."

Rely on the power of our nationwide network.

Whether it's CDs, pharmaceuticals or any other qualified item under 1 pound, DHL Global Mail™ ensures that mail reaches your customers via *SMARTMAIL PARCEL*®. Through our Workshare partnership with the United States Postal Service (USPS), we offer a full-service mailing solution with a quality controlled process to move your packages with precision. After picking up your mail, we will sort and process the pieces at one of our nationwide Mail Terminals, transfer them to the destination postal facility and insert the items deep into the mail stream. Our professional expertise, coupled with this efficient process, provide customers with superior transit times, reliability and trackability.

Peace of mind.

It's our way of delivering something money can't buy: satisfied customers across the USA. Take one look at our service options and you'll understand.

Delivery
Time

2-5 Days
